

Dear Aspiring Hands-Off CEO,

You now have the Powerhour planner framework. So if you are looking for quick bandaid, congrats, you just found it.

But, you've bought a planner before, did it really change your life?

We are up to changing people's lives. *YOU. Your family. Your team. Your clients.*

What do you really want?

- To uncover 2-3 tweaks to free up 10-20+ productive hours per week, without working more hours?
- Have your team be able to run whole parts of the business without you so that you can scale take home income and your impact?
- A second in command to handle all the in-the-weeds work so you can focus just on growth?
- A business that can both RUN and GROW without you?
- To increase the value of your company to maybe sell it one day?

That's the kind of work that we do at Hands-Off CEO.

If you're ready to see what the level might look like, then let's have a quick chat. The link below will take you to my online calendar where you can book a 15 minute slot on my calendar. We'll talk about your specific options to scale relative to your current growth stage, and goals.

Book a time to talk

To your continued *Hands-Off* success!
