# Top 10 Reasons Why You Need to Be at the Next Hands-Off CEO Retreat

## 1. **Create more growth, with less reliance on you as the CEO.**

We're excited to unveil a new tool to give you deeper clarity to know exactly what to focus on in each area of your business. Grow net income, and time freedom as you *mobilize your team to implement your vision*.

## 2. **Join a curated community of Hands-Off CEOs who support you in your next level growth.**

These are kind, generous power-house leaders who we've hand-picked. Forge deep connections to build each other up and accomplish what you can't on your own. This creates the support you need on your journey of increasing levels of success. *You won't know the value of this until you have it!*

## 3. **Breakthrough hidden blindspots to your next level of success.**

The problem is that you can't see them. Seeing other's blindspots gives you access to your own. We will do specific exercises that *"rewire your brain for success."* That help you see your upper limit, and sail past it. You will come back a more powerful CEO who is more effective, in less time.

## 4. **Massively expand your vision of what's possible for your business – and your life.**

As humans we can create only what we can see. We will expand what you can see, so what's now becomes possible is exponentially higher. One participant shared that this *"changed my life!"* He went home and doubled his monthly sales in under 4 months. In days, he broke a lifetime pattern stopping him from experiencing a richer more fulfilling life for himself and his family.

## 5. **Learn from other successful Hands-Off CEOs who have been where you are now.**

We build a collective by each sharing our strengths. We advance our skills and confidence, by owning what we know and sharing that knowledge with others.

This is how a tribe works. We all have something to give. *And we expand as leaders, by growing other leaders.*

6. **Develop advanced coaching strategies to grow leaders on your team.**

You will get hands-on experience supporting your peers to remove obstacles to next level growth. You will walk away with skills to more powerfully lead your team and to train them on how to do the same.

7. **Confidently make better decisions, faster.**

The key to making better decisions is not more time. It's more clarity, and decisiveness. ***Walk away a more decisive leader.***

8. **Action plan for your next quantum leap.**

Get deeper, meaningful clarity as to your drivers that will create rapidly, sustainable growth. And walk away with a jump start on implementing it.

9. **Unplug from your business**

Did your last big breakthrough come when your head was tucked down in the "doing" of your business? I bet not. It was likely when you were away from your business. Like in the shower (sorry we won't be replicating that at the retreat). And when you had time and space for that creativity. You NEED THIS TIME AWAY FROM YOUR BUSINESS! If you *can't* get away, even more reason to come.

10. **HAVE FUN!!!**

*Hands-Off Growth* is about creating that ease and flow in your business. And this retreat will show you how to have fun while accomplishing more than you thought possible in a very short space of time. Sunday we will be having a very fun day too! You don't want to miss it.

Want to be at our next retreat? There are limited spaces. We are opening up 5 spots for folks not yet in our tribe.

You must have a team, and have some things already established in place. It's in Los Angeles which is easy to fly into. Lunch, snacks dinner, and activities are all included. There will be a fun surprise too!
